PROFESSIONAL SUMMARY

Experienced enterprise software engineer and Data Engineering & AI Master's student (ESILV Paris, 2026) with hands-on expertise in Python, PySpark, Apache Spark, Kafka, Hadoop, SQL, and ETL pipeline development. Proven background in designing high-volume data pipelines, data warehousing, and BI reporting across banking and logistics domains. Seeking a Data Engineering internship to contribute to data platform development, pipeline automation, and cloud data infrastructure.

TECHNICAL SKILLS

Programming: Python, SQL, PySpark, T-SQL, C#, Bash

Big Data & Streaming: Apache Spark, Kafka, Hadoop, HDFS, Hive, YARN, Databricks

ETL & Data Integration: SSIS, ETL Pipeline Design, Data Ingestion, REST API Integration, Data Wrangling

Databases: SQL Server, MySQL, PostgreSQL, Redis, Cassandra, NoSQL, Data Modeling, Query Optimization

Cloud & DevOps: Microsoft Azure, Azure Data Factory, Azure Blob Storage, Docker, Git, CI/CD, Azure DevOps

Analytics & BI: Power BI, Tableau, Matplotlib, Seaborn, DAX, Data Visualization, KPI Dashboards

ML & Analysis: Pandas, NumPy, Scikit-learn, EDA, Statistical Analysis, A/B Testing

Languages: English (C1 Professional) | French (B1) | Tamil (Native)

DATA ENGINEERING & ANALYTICS PROJECTS

Big Data Air Quality Analytics Pipeline | Python · PySpark · Kafka · Hadoop · Power BI

- Engineered a real-time streaming pipeline ingesting live AQI data for 10+ French cities via Kafka and REST APIs, processing 5M+ records with PySpark transformations on Hadoop HDFS.
- Built interactive Power BI star-schema KPI dashboards with geo-filtering, enabling data-driven policy recommendations.

SQL-to-NoSQL Schema Migration Engine | Python · SQL · NoSQL · Data Modeling [Master's Thesis]

- Developed an intelligent schema transformation tool automating SQL-to-NoSQL migration with cost estimation, tested on the Olist Brazilian E-Commerce Kaggle dataset (100K+ records).
- Implemented data type mapping, denormalization strategies, and schema validation pipelines for scalable document-store migration.

Sales & Operations Analytics Dashboard | SQL · Power BI · MySQL · DAX · Power Query

- Designed a multi-department Power BI dashboard over 1M+ records from MySQL and Excel sources; optimized DAX measures via DAX Studio achieving 30% storage savings and 5% query performance gain.

Credit Card Launch Analysis | Python · SQL · Pandas · A/B Testing · Statistical Analysis

- Analyzed 500K+ customer and transaction records; conducted A/B testing and CLT-based hypothesis testing, delivering segment insights yielding +18% spending uplift and +22% transaction frequency.

PROFESSIONAL EXPERIENCE

Senior Technical Lead — Data & Analytics Engineering • Bank of America, Paris

Feb 2022 – Sep 2025

- Designed KPI frameworks and live Splunk dashboards for a banking platform serving 100K+ users; automated CI/CD workflows via Azure DevOps reducing deployment time by 40%.
- Architected high-volume REST API data pipelines and ETL workflows; eliminated 30–40% manual reporting effort and cut incident response time by 50%.

Senior Associate / Associate — Data & ETL Engineering • Cognizant Technology Solutions, Chennai

May 2014 – Feb 2022

- Owned end-to-end ETL architecture using SSIS and SQL Server, processing millions of records daily across banking and logistics platforms; reduced SSRS reporting latency by 2 business days.
- Refactored 40+ legacy SQL queries with CTEs, window functions, and indexing strategies; eliminated 10+ manual processing hours weekly.

Senior Software Engineer — Reporting & Data Integration • LTI Mindtree, Bangalore

Jul 2017 – Jul 2019

- Delivered ETL automation and multi-source SSRS analytical reporting across banking and construction platforms; integrated third-party APIs and optimized SQL Server schemas for large-scale data ingestion.

EDUCATION

M.Sc. Data Engineering & AI — ESILV, Paris

2025 – 2026

Machine Learning, Big Data Systems, Deep Learning, NLP, Statistics, Cloud Platforms, Power BI

MBA — International Business | Pondicherry University, India

2017 – 2019

B.Tech — Computer Science Engineering | Dr. MGR University, India

2006 – 2010
